

# Gautam Thareja

Data Analyst

As a highly motivated and analytical recent graduate with a Bachelor of Science in Statistics. I possess a strong foundation in data analysis, statistical methodologies, and data visualization techniques, coupled with hands-on experience gained through academic projects. My proficiency in various data analysis tools and programming languages, such as Python, SQL, and Excel, equips me to tackle complex data challenges and derive actionable insights to drive business decisions.

## Educational Background

### Hero Vired

Data Analyst Course  
Feb(2024) - Pursuing

### IITM (BCA)

Janak Puri-New Delhi  
2020-2023

### Happy Model School

Janak Puri-New Delhi  
2020

### Oxford Senior Secondary School(10th)

Vikas Puri-New Delhi  
2018

## Project's

### Excel Project

I've developed an Excel project focused on generating an annual store report. It utilizes advanced functions and dynamic charts to provide detailed analytics on customer behavior and store performance. You can explore this project by clicking on the GitHub link or heading titled "Excel Project"

### Power Bi Project

In my recent project, I leveraged advanced analytics to analyze sales data and created an interactive Power BI dashboard. You can view examples of my Power BI projects by clicking on the GitHub link or by checking out the "Power BI Projects" section.

### SQL Project

I have worked on several projects in SQL, where I analyzed ER diagrams and solved a wide range of queries, from basic to advanced. You can see these projects by clicking on the link to my GitHub or by looking for the heading "SQL Project".
